### Letter from the Chairperson

Enclosed is a copy of the proposed changes, corrections and additions to Missouri Chapter 337. Please note deleted portions which are bracketed and new portions which are underscored. Also enclosed is a copy of the rationale which explains such changes.

These proposed changes in Chapter 337 are changes we hope will benefit psychology as a whole, practicing psychologists and Missouri consumers in particular. The suggested changes do not alter the intent of the bill which is to license masters and doctorate psychologists who offer services to the public for a fee.

Changes in the Chapter are for a number of purposes, such as to remove sexist language, provide similar wording for requirements for master's and doctorate level applicants, and add muscle to the current existing law which prevents unlicensed individuals from calling themselves psychologists and advertising as such in public documents.

The State Committee of Psychologists hopes you will carefully study the changes made and promptly submit your comments, pro or con, so that suggested changes can be thoughtfully considered before the proposed statute is sent to Senate Legislative Research for final preparation.

The State Committee of Psychologists hopes to discuss all changes in detail at the October 18, 1986, MOPA meeting to be held in St. Louis at the Embassy Suites. We look forward to seeing you there.

Thank you for your attention and concern.
